

What you got...

**My card heading is
awesome**

Web components made me
out of HTML, CSS, and
JavaScript! Do you like me?
Please say you like me.

**My card heading is
more funner**

Web components made me
too! Please like me instead!
The other guy is a boring blue
shade. I'm awesomer!

And the winner is...

:host

```
:host {  
  background: hot-pink;  
}
```

```
:host([fun]) {  
  background: purple;  
}
```

the-card

```
the-card {  
  background: goldenrod;  
}
```

```
the-card[fun] {  
  background: gray;  
}
```
